

Workplaces

IN THE WORKPLACE – Lots of companies have the radio on or play music through a PC. You pay a fee to use this music. Find out more information about the costs for music in the workplace, including non-public areas in factories and offices.

How we calculate the fee

We base the prices on the number of FTEs who can hear the music.

Please note!

- In addition to an annual agreement, seasonal agreements are also possible.
- If you play different music in different rooms, you pay separately for each room.
- Different rates apply for music use on telephone lines or at events. Please ask us for the relevant tariff.
