

Sports match days

AT SPORTING EVENTS – To enhance the overall experience of sporting events, playing music is a must. Music creates camaraderie, an upbeat mood and connects fans. To use this music, you pay a fee to the music creators. Read more about the costs here.

How we calculate the fee

The tariff is based on:

- the surface area of the room(s) where the music is performed. In the case of seats in a stadium, the number of seats is divided by 4 to arrive at the total area.

- the regularity of the music use; the amount of the entrance or artist fees per day/performance.

Additional fee for Buyout above € 1.000

If the amount of the buy-out fee (and in the absence thereof the amount of the artist fees for the performers) exceeds € 1,000 per day/performance, an additional amount is due. This is determined based on a percentage of the buy-out fees (and in the absence of a buy-out fee, the amount of the artist fees for the performers) of all individual performances whose amount of the buy-out fee (and in the absence thereof, the amount of the artist fees for the performers) exceeds € 1,000 per day/performance.

The percentage depends on the share of protected global repertoire compared to the total programme as follows:

- The percentage is 7% if more than two thirds of the total duration of the programme consists of protected global repertoire.
- The percentage is 5% when a maximum of two thirds of the total duration of the programme consists of protected global repertoire.
- The percentage is 3% when a maximum of two thirds of the total duration of the programme consists of protected global repertoire.
