Definitions

Article 1

For the purposes of this agreement:

A. Mechanical reproduction rights: the rights and/or claims under the law, a convention or a statutory regulation to which the author or his successors in title are entitled anywhere in the world, with regard to the recording of copyrighted works on sound and/or image carriers and/or the reproduction or causing of the reproduction on

sound and/or image carriers of recorded works and/or making available such works to third parties, all this in the broadest sense of the word and irrespective of the manner in which such works are recorded and/or reproduced and/or made available, including the rights specified under B, C and D;

- B.** Online mechanical right for non-interactive use: the mechanical reproduction right for the non-interactive online use of works (not simulcasting);

This bundle comprises the mechanical right, the synchronisation right, the database right, the right to claim a blank tape remuneration and the rental and lending rights.
- E.** Repertoire: the total number of works with regard to

which a natural person or legal entity holds either the mechanical reproduction rights or a right to payment by virtue of the mechanical reproduction rights at the moment this agreement is entered into, and all works he will create during the term of this agreement or with regard to which he will acquire either the mechanical reproduction rights or the right to payment by virtue of the mechanical reproduction rights for the duration of this agreement;

- F. Participant: the participant within the meaning of Stemra's Exploitation regulations.

Assignment

Article 2

1. The heir hereby assigns and transfers to Stemra the mechanical reproduction rights in the author's repertoire within the meaning of Article 1 under A to E and in the scope as defined in Articles 1 and 19 of this agreement, with the exception of those rights that the heir wishes to exclude from being transferred to Stemra, as indicated by the heir in the 'Specification of exploitation rights' form. Stemra accepts this assignment of the mechanical reproduction rights.
2. The mechanical reproduction rights in the author's repertoire are therefore hereby assigned and transferred to Stemra.
3. As a result of the assignment and transfer as described in paragraphs 1 and 2, the assigned and transferred mechanical reproduction rights in any work belonging to the repertoire shall become part of Stemra's assets. Stemra has thus acquired the exclusive right, to the exclusion of all other parties, including the heir, to exercise or cause the exercise anywhere in the world the mechanical reproduction rights assigned and transferred to it.

Exploitation and enforcement

Article 3

1. Stemra shall exploit and enforce the mechanical reproduction rights in the repertoire, either under its own name or not, anywhere in the world and shall perform or cause the performance of any and all legal acts relating thereto.¹
2. Stemra shall therefore grant or refuse a license to record and distribute works of the repertoire on sound and/or image carriers, determine the conditions for granting such license, be entitled to take legal action against any infringement of the mechanical reproduction rights, and perform or cause the performance of any and all acts, both judicially and extrajudicially, which the heir would be entitled to perform in the absence of this agreement.

Distribution

Article 4

1. Stemra undertakes with due observance of the relevant articles, regulations and decisions lawfully taken by Stemra to distribute the revenues it receives to the participants entitled to a share thereof.
2. Complaints concerning distributions made in any year will be accepted at the latest on 31 December of the second year following the calendar year in which the relative distribution was made. After this period, the heir's right to complain with regard to the relevant distribution shall have expired.
3. If Stemra has established that a complaint is well-founded, it will only be obliged to pay back the deficit; interest will be paid if notice is given, from the date of notification and no earlier, at the 12-month Euribor rate plus 1.5%. The interest notified shall run from the moment that a claim is substantiated by the rightholder in the manner indicated by Stemra, and only from the moment at which, and for the extent to which, Stemra has actually received the general or specific licence fee in question. The Board determines annually what information has to be provided and informs the participants of this. The interest rate clause is not applicable to distributions made by sister organisations.
4. Except in the event of wilful intent or gross negligence on the part of Stemra itself, it shall never be liable for any form of damage or loss, under any name whatsoever, or for payment of interest other than provided for in paragraph 3.

Notification of repertoire

Article 5

1. Upon entering into this agreement, the heir undertakes to notify Stemra of works belonging to the author's repertoire in the manner to be indicated by Stemra, in so far as this notification has not already taken place. The heir shall furthermore send Stemra, at Stemra's first request, all documents relating to the aforesaid works that Stemra requires.
2. Such notification shall entitle the heir to distributions with regard to the aforesaid works. By means of such notification, the heir furthermore confirms the assignment and transfer of the mechanical reproduction rights in any works created by the author but not yet notified, as described in article 2.
3. If the heir fails to notify Stemra of a work, he may not claim any payment with regard to the relevant work, notwithstanding his obligation yet to notify Stemra of the work in the manner indicated by Stemra, after which he shall become entitled to claim payment.
4. Stemra shall be entitled to charge the heir any costs to be incurred by Stemra as a result of incorrect or incomplete notification of works by the heir.

¹ Commitment to make a reasonable effort: specified in the Notes to the Exploitation rules of Stichting Stemra.

5. If the heir fails to notify Stemra of a work or to do so in good time, Stemra shall have the right to charge the heir any costs it has incurred in obtaining the respective notification after all.

Warranty obligation

Article 6

1. The heir warrants and guarantees to Stemra that he holds the full and unencumbered mechanical reproduction rights in the repertoire and that he is exclusively authorised to enter into this agreement and to effect the assignment and transfer of the mechanical reproduction rights in the repertoire referred to in this agreement.
2. The heir furthermore warrants and guarantees that no part of his repertoire in respect of which Stemra exercises or causes the exercise of the mechanical reproduction rights under this agreement infringes the copyright or any other absolute right of a third party, or involves anything that is otherwise unlawful towards a third party. The heir agrees to indemnify Stemra against any third-party claims in this respect and against the consequences that such claims may have for Stemra.
3. The heir shall have no right to payment of revenues with regard to works that in any way infringe the copyright or any other (absolute) right of a third party.

Other obligations of the heir

Article 7

1. As a result of the assignment and transfer of the mechanical reproduction rights as described in article 2, and in relation to the warranty and guarantee obligation of the heir as described in article 6, the heir shall not be allowed during the term of this agreement to undertake any actions that create the appearance or give the impression that he himself or any party other than Stemra exploits and/or enforces the mechanical reproduction rights in the repertoire covered by the said transfer.
2. The heir realises in particular that, as a result of the transfer as described in article 2, he is not allowed to transfer the mechanical reproduction rights covered by the said transfer to any third party during the term of this agreement.
3. Notwithstanding the provisions of paragraph 1, Stemra may in exceptional cases – which are made known by Stemra in writing or in a publication issued periodically or by circular letter or by advertisement in a popular national newspaper or by electronic mail or by making available by means of the internet site of Stemra or pursuant to a written agreement with the heir - give its consent for the heir himself to exploit and enforce the mechanical reproduction rights assigned and transferred to Stemra, without prejudice to what is stipulated in article 16.
4. For each infringement of a prohibition set forth in

paragraphs 1 or 2, the board may impose a penalty on the heir of not more than € 2,250, payable to Stemra, without prejudice to any other right of claim of Stemra, in particular its right to claim full damages.

Cooperation

Article 8

1. The heir undertakes, if and insofar Stemra considers his personal assistance necessary for the implementation of this agreement, to provide such assistance within reason at Stemra's first request. To the extent that the heir incurs unavoidable costs in providing such assistance, such costs may be compensated by Stemra in accordance with reasonable standards.
2. In the event that the heir fails to provide assistance, the board may impose a penalty on him of not more than € 2,250, payable to Stemra, without prejudice to any other right of claim of Stemra, in particular its right to claim full damages.

Any failure of a party in the performance of this agreement shall entitle the other party to dissolve this agreement in full or in part by means of a written statement, without any judicial intervention being required, unless the failure does not justify such dissolution, considering its special nature or limited significance.
2. Stemra shall furthermore be entitled to give notice of termination of the agreement with immediate effect in writing, stating the reasons of such termination, if Stemra cannot reasonably be required to continue its relationship with the heir.

Article 12
